Dear Chris:

Thank you for your presentation at the August 30 joint meeting of SBE Chapter 40 and the Bay Area Broadcast Engineers Society (BABES). As you can see from the attached meeting signup sheet, we had a good attendance of 25 persons.

SECRETARY

DANE E. ERICKSEN, P.E.,

Your presentation about IP-based audio coding, and the Comrex Broadcast Reliable Internet Codec (BRIC), was timely information, and may be applicable to work that the ATSC TSG S3 Specialist Group on Digital ENG (which I chair) is presently engaged in for communications between a TV station studio and ENG crews (*i.e.*, IFB).

Sincerely,

Dane E. Ericksen
