Dear Wayne:

Thank you for your presentation at the July 26 joint meeting of SBE Chapter 40 and the Bay Area Broadcast Engineers Society (BABES). As you can see from the attached meeting signup sheet, we had a good attendance of 18 persons.

SECRETARY

DANE E. ERICKSEN, P.E.,

Your synopsis of power tube design and rebuilding issues, from triodes to tetrodes to IOTs, was fascinating; I can see why your job title is "technical specialist." I hope that this presentation can morph into a full-day seminar, which SBE Chapter 40 would be pleased to sponsor, and for which I suspect a 1-CEU credit could be claimed when it comes time to renew one's SBE certification.

Sincerely,

Dane E. Ericksen
