December 17, 2006

Mr. Mike Uhl
Director of Western Sales
Telos Systems
2101 Superior Avenue
Cleveland, Ohio 44114

Dear Mike:

Thank you for your presentation at the November 29 joint meeting of SBE Chapter 40 and the Bay Area Broadcast Engineers Society (BABES). As you can see from the attached meeting signup sheet, we had an attendance of 17 persons.

Your presentation about Internet Protocol (IP) based audio routing and switching using dedicated Ethernet local-area networks or wide-area networks was impressive; no more more giant bundles of cable going between rooms and floors. Wonderful.

The supplemental presentation by David Holland and Philip Zittell of Omnirax was a nice addition; we have tentatively scheduled a supplemental SBE Chapter 40 meeting for a Saturday in March 2007, to visit the Omnirax factory in Sausalito.

Sincerely,

Dane E. Ericksen
