November 5, 2006

Mr. Jeff Levie
Director of Hardware Engineering
Utah Scientific
4750 Wiley Post Way #150
Salt Lake City, Utah 84116

Dear Jeff:

I am the SBE Chapter 40 Secretary, but was not at the September 27, 2006, joint SBE Chapter 40, San Francisco and Bay Area Broadcast Engineers Society (BABES) meeting because I was attending the SBE national meetings in Syracuse, New York, that day. I also serve on the SBE national board, and so my attendance at Syracuse was required.

Chapter Chair Art Lebermann forwarded to me a synopsis of your presentation about IP routing technologies and the Utah Scientific Router Control System (RCS); sorry that I had to miss that presentation.

A pdf copy of the meeting sign-up sheet, showing a 15-person attendance, is enclosed.

Sincerely,

Dane E. Ericksen

Enclosure
